

## **Official Sports Services Annual Review 2016**

*Once again we managed to increase our coverage and services in a year that Official Sports Services became truly GLOBAL. The countries our work took us to included; Abu Dhabi, Bahrain, China, Japan, Mexico, USA, across Europe and not forgetting our important work here in pretty much every major city and stadium in the UK.*

*2016 has certainly been our most successful. It has also been our most diverse in both the number of countries we visited and the sports we have been working in. The variety of teams, international and national, and the major sporting associations we have worked alongside also saw an increase in 2016. A quick overview of the seasons highlights include; Motorsport, NFL – American Football, Rugby Union, Rugby League, Rugby 7's.*

*We thank all our customers for choosing Official Sports Services and of course the continued growth year-on-year would not be possible without our ever increasing band of amazingly talented and loyal therapists.
