

Official Sports Services Annual Review 2017

2017 has undoubtedly been Official Sports Services most successful year to date.

In order to provide the quality of service we pride ourselves on and support the continued growth of the company, 2017 saw further investment in our business by launching our new website along with the appointment of additional management staff.

This year has seen us enter our tenth consecutive season with the Rugby Football League, a new record of working with five of the eight NFL teams during their UK visits, and a three-month tour with the South African cricket team.

We have also established stronger links throughout Europe in order to provide teams with support in France, Italy and Ireland, as well as completing European tours and the Le Mans 24 Hours with two international motorsport teams, United Autosports and TMS.

We thank all our customers for choosing Official Sports Services, and of course the continued growth year on year would not be possible without our ever-increasing band of amazingly talented and loyal therapists. THANK YOU!

Below is a monthly recap of our 2017 highlights;

January;

- *Rugby League; RFL Match Officials - entered our tenth consecutive year working with the RFL match officials, providing mid week recovery and match day support for the full time match officials at all Super League, Championship, Super 8, Challenge Cup and international fixtures*
